allotment is cancelled with consequential penalties under the allotment Rules.

(d) Yes, Sir.

(e) Action is being taken as stated in (a), (b) & (c) above.

Development of adjoining villages/towns of Delhi under the National Capital Region Plan

2168. SHRI BAIKUNTHA NATH SAHU: Will the Minister of URBAN DEVELOPMENT be pleased to state:

(a) whether Government have taken a final decision with regard to the development of the National Capital Region;

(b) if so, the villages/towns in the adjoining areas of Delhi/New Delhi likely to be included in the National Capital Region;

(c) whether the final draft has been prepared; and

(d) if so, the salient features thereof?

THE MINISTER OF URBAN DEVELOPMENT (SHRI MURASOLI MARAN): (a) to (d) The Regional Plan 2001 for the National Capital Region has come into force with effect from 23-1-89. National Capital Region extends to the following areas adjoining the Union Territory of Delhi;

(1)	Haryana	Districts of Faridabad, Gurgaon, Rohtak, Sonepat' Rewari (erstwhile Tehsil Rewari) and Panipat (erstwhile Tehsil Panipat) and Bawal Tehsil of Mahendragarh District.
(2)	Rajasthan	Alwar District consisting of the following Tehsils: Alwar, Ramgarh, Behroor, Mandawar, Kishangarh and Tijara.
(3)	Uttar Pradesh	Districts of Meerut, Ghaziabad and Bulandshahar.

The Plan is a framework of policies relating to population distribution, settlement system, transport and communications, physical and social infrastructure, regional landuse, environment and eco-development, management structure for plan implementation and counter-magnet areas of development. The Regional Plan proposes to evolve a hierarchical system of settlements consisting of regional centre, sub-regional centres, service centres and basic villages.

Research work on pesticides

2169. SHRI YALLA SESI BHUSHANA RAO: Will the Minister of AGRICULTURE be pleased to state:

(a) whether it is a fact that multinational companies dominate the research and development of pesticides;

(b) whether it is also a fact that no Indian company has even developed a pesticide; and

(c) what steps Government propose to take to see our Scientists effectively contribute to the development of New methods of plant protection?

THE DEPUTY PRIME MINISTER AND THE MINISTER OF AGRICULTURE (SHRI DEVI LAL): (a) No, Sir

(b) No.

(c) The Integrated Pest Management (IPM) which has been identified as a cardinal principle of Plant Protection strategy is included in the research programmes of all the State Agricultural Universities, Crop Institutes and Crop Improvement Projects. All India Coordinated Research Projects on Biological Control and Pesticide Residues have been sanctioned to develop pest control strategy with minimum reliance on pesticides. A National Centre on IPM has also been established during VII Plan for this purpose.
